1. It was brought to the Examiner's attention that the Notice of Allowance contained a typographical error in the allowed claims section. A Supplemental Notice of Allowance is attached hereto correcting the error. This Supplemental Notice of Allowance replaces the previous Notice of Allowance filed 3/1/06
2. The after-final amendment filed 1/31/06 has been considered and entered. Claims 9,13 and 16 have been canceled. Claims 1-8,10-12,14-15 and 17 remain in the application.
3. In light of the amendment filed 1/31/06, the 35 USC 103 rejections have been withdrawn.
4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Seidlick on 2/21/06.

The application has been amended as follows:

In claim 1, line 12, the term "magnesium" has been inserted between the term "the" and "vapor".

In claim 17, line 3, the phrase -- having a surface consisting essentially of silicon -- has been inserted between the terms "substrate" and "into".

Allowable Subject Matter

5. Claims 1-8,10-12,14,15 and 17 are allowed.

Reasons for Allowance

6. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest a method of forming a thin film magnesium boride on a silicon substrate whereby the pressure of magnesium vapor is maintained within the following equation:

$$\text{Log}(P) = -9549.5/T + 9.1; \text{ and } \text{Log}(P) = -10142/T + 8.562,$$

where P represents pressure in units of Torr and T represents temperature in Kelvin (K).

This forms a magnesium boride film substantially free of magnesium-silicon contaminants between the surface consisting essentially of silicon and the magnesium boride.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
